How do I get Pricebook(s)?

Once your account is open, your Pricebook(s) will be sent digitally, via email, from Pricebook Digital. You will be able to download it to your preferred device or you can print a hard copy.

This book is personalized to include your Account number , Name of Business ,Tier level and Product line on the cover page.

Please contact your Account Manager for a complete breakdown of your Pricebook.

Navigating the Pricebook

Once downloaded, the Pricebook will provide you with the ability to do the following:

Search and Click via Table of contents

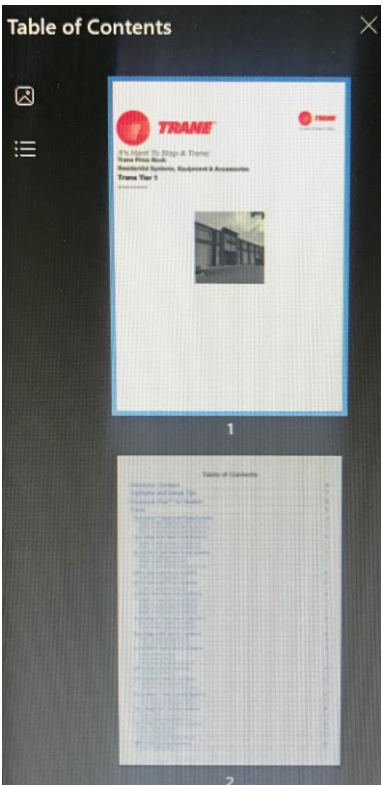

Can be used to locate full system AHRI rated matchups or single unitary items, as well as accessories.

Search by Model Number

Ability to search for a specific model with the search bar found at the top right of the book.

Thumbnail Search

Available for quick system matches via scroll feature. See visual.

01

Download a copy of desired pricebook from the email sent from Pricebook Digital

02

Utilize Table of Contents found to left of book in quick clicks or scroll to page 2 to get started! – each of these links will jump to desired section of the pricebook. Can view as rated systems, or individual unit pricing.
